VAUGHAN'S VANADIUM

Vaughan's Vanadium hammers are the accomplishment of over eighty-eight years of quality tool manufacture. Made from special V&B formula vanadium steel, the heads of these hammers are full polished and handled with the finest second growth white hickory — they are uniquely superior. The special non-slip claws firmly grip either brad or spike. These are tools of particular merit — widely acclaimed by carpenters.

VAUGHAN TUBULAR STEEL HAMMERS

The only tubular hammers with "Traditional Shape"

The only tubular hammers that have "traditional shape" handles—shaped just like hickory. Time-tested V&B standard head and natural rubber shock-absorbing grip, which feels like velvet yet won't slip in the hand. These hammers feel right . . . are shock resistant and resilient. Proved by lab test to be stronger than any others for their application . . . stronger, but look, feel and swing like hickory.

Full polished forged steel head of traditional size and shape.

Compression fitted to tubular steel handle under 3,000 pounds of pressure — permanently locking head and handle together.

Specially treated inner hickory plug — for resilience, added strength.

Shock-absorbing chrome-plated spring tempered tubular steel handle.

Natural rubber shock-absorbing grip — fits the hand.

*Has flat milled face.

VAUGHAN *Fine Tools*

Since 1869

VAUGHAN ALL-STEEL HAMMERS

The head and handle of Vaughan All-Steel Hammers are forged from special quality steel. They are safer to use as the heads will not fly off. Wooden handle breakage is eliminated. To give better gripping, the genuine leather or rubber handle grips are formed to the exact shape of the conventional type wooden handle.

The striking head is precision machined providing a perfectly round face, properly crowned, with uniform bevel of correct size to reduce chipping of edges from glancing blows. The special non-slip claw will firmly grip either brad or spike. The striking head, claw and handle neck are all heat treated separately to the correct degree of hardness for each. The heads are proportioned the same as conventional types of hammers.

Striking head, sides, back of claw and handle neck highly polished. Genuine leather or genuine rubber handle grips as desired.

VAUGHAN BELL FACE NAIL & RIPPING HAMMERS

Every Vaughan Hammer is made from high grade analysis steel and the handles are of select hickory carefully tested and graded. The famous Vaughan "built-in-balance" is something you can actually feel, a balance which permits the delivery of harder blows with greater accuracy and less fatigue.

Since 1869

VAUGHAN BALL PEIN HAMMERS

Vaughan ball pein hammers have been completely re-designed to meet every requirement of the skilled mechanic. The head, crowned face and bevel are precision machined for perfect shape and uniformity. More wood fiber in the eye and a machine gauged handle that "fits like a glove" reduce the possibility of head loosening or handle breaking. The handles are flattened slightly to assure a firm grip and prevent turning in the hand.

Number	Weight of Head	Boxed	PACKING Wgt. per Box	Retail Price Each

TO GRAYBAR ELECTRIC COMPANY

Gentlemen:

We are enclosing herewith our illustrated Price List No. 67 dated September 23, 1957 with Distributors Discount Sheet applying thereto. This supersedes our Price List No. 66 of June 29, 1956.

The following is the revised price on the WML3 Graybar Lineman's Hammer which you purchase from us.

<u>Your No.</u>	<u>Our Equivalent</u>	<u>Description</u>	<u>Net Price Each</u>
WML3	L36	Graybar Lineman's Hammer	\$2.40

The above price is F.O.B. our plant at Bushnell, Illinois.

These hammers are packed 4 in a box and if ordered in quantities involving a broken package, an extra charge of 25¢ will be made. Also, on all shipments made direct to your customer a direct shipment charge of 10% will apply with a minimum charge of 50¢.

If you have any questions regarding the attached, please let us know.

Yours very truly,

VAUGHAN & BUSHNELL MFG. CO.

DISCOUNTS AND TERMS

Applying to Price List No. 67 dated September 23, 1957

Discount to Distributors	50%
Discount to Dealers.....	33 $\frac{1}{3}$ %

PRICES: This Price List cancels all previous quotations and is subject to change without notice. Orders accepted on basis of prices in effect on date of shipment.

FREIGHT TERMS: All Prices are F.O.B. BUSHNELL, ILLINOIS.

On shipments of 200 lbs. or more, freight will be allowed to destination based on the lowest prevailing rate in effect at time of shipment, excluding any local delivery charges.

DIRECT SHIPMENTS: On all shipments direct to buyer's customer no freight will be allowed and an additional charge of 10% will be made—no charge less than 50 cents. Direct shipments to railroads, municipalities and state or federal agencies are not included in this category.

PAYMENT TERMS: 30 days net. Invoices dated between the 1st and 15th of the month may be discounted at 2% on or before the 25th of the same month; invoices dated between the 16th and 31st of the month may be discounted at 2% on or before the 10th of the following month.

SPECIAL PACKING: An extra charge of 25¢ will be made for each item ordered in less than standard factory pack.

RETURNED GOODS: Goods may be returned to us, transportation charges prepaid, only upon authorization by us. When such permission is granted, goods are to be returned to our factory at BUSHNELL, ILLINOIS.

REPLACEMENT: Any tool claimed to be defective must be returned to our factory at BUSHNELL, ILLINOIS, transportation charges prepaid, for our examination. We will replace free of charge any first quality tool found by us to be defective in material or workmanship. No edge tool will be replaced that has been improperly reground.
